

Kindergarten - 2nd: Dice Breakers

Team Building

Lesson Description:

Let's roll with some fun as we get to know our classmates. In this team building session, we will play three different games that are both silly and informative about our classmates.

Materials Needed:

- Random Objects for kids to individually grab. Objects may include:
 - Something to write/draw with
 - Something to sit on
 - Something that reminds you of the outside
 - Something you can read
 - Something that's wooden or metal
 - Something that's soft
 - Something that is bright
 - Something that can be loud
 - Your favorite thing in the room

COVID Considerations:

Time permitting, we will be participating in three activities in this session.

- In the first activity, we will ask students to find things either at their desk or throughout the room. We will ask them to place those objects on a body part. For example, "Find something you can write with and touch it to your ear." Items should not be interchangeable between students.
- In the second activity, we are wanting students to sit in groups of three or four.
- In the third activity, we will ask students to choose an option and walk to either side of the room.

Students should have no physical contact during these activities. However, in light of this information, please take all necessary precautions to mitigate risk of COVID.

Program Connection Information

Please use an external microphone (conference style) rather than the integrated one in the computer for the audio for your class and locate it centrally in the room. It can be difficult for the Greenbush teacher to hear the students using the computer microphone and therefore it reduces the interactive nature of the lesson. It is fine to use the computer webcam for your video source though.

All classes will take place using Zoom desktop video. You may need to download Zoom launcher software ([free download](#)) if you don't already have it. This needs to be done in advance of the lesson.

It's always a good idea to touch base with your district technology facilitator prior to your program to make sure all systems/equipment are in place and operational and no firewalls that might prevent you from connecting to Zoom.

Once you have received confirmation of your scheduled lesson, a Zoom link invitation will be sent to you via email. This invitation will be specific to your scheduled time and date; therefore it will not work for any other lessons hosted by the Greenbush Student Enrichment Department. If you have students connecting remotely, please remember to forward this invitation to them.

Once you connect, you will enter a Zoom waiting room. Your Greenbush teacher will admit you into the final meeting room.

If you have questions, please email Amie Beggs at amie.beggs@greenbush.org or Emily Joy Roth at emily.roth@greenbush.org.
