

How to....

Host a diaper drive

Download the How To Host a Diaper Drive [toolkit](#) from the National Diaper Bank Network where you can :

Set up an Amazon [wishlist](#) to share on Facebook to ask people to purchase diapers to be sent to you.

Start a diaper bank

Join the [National Diaper Bank Network](#) and research existing data regarding diaper needs.

Get Started:

- Apply for local grants.
- Create advertising publications.
- Spread the word about the need for donations in the community.
- Organize partnerships with other service providers to get diapers to those in need.
- Find storage facility.
- Track demographics of families and the number of diapers being collected/distributed.
- Educate families about the importance of keeping babies clean, toilet learning, and budgeting.

In Southeast Kansas, organizations that work with families with young children can partner with Southeast Kansas Diaper Bank by contacting:
