[August 2nd @ 1:00-1:45pm](#)

## MENTORING KICK OFF:

The in-person sessions are designed for FIRST year teachers and mentors. SECOND year teachers and their mentors can attend a virtual session. During this training, participants will review the state requirements for mentoring and learn about additional/new Greenbush supports being offered for the 2022-2023 school year.

Teachers that participate in Classroom Management Bootcamp or the Top Gun program do not need to attend an initial training session in July/August.

Greenbush Mentoring is a two-year program that will take participants from their Initial Teaching License to a Professional License.

CLASSROOM MANAGEMENT:  
**RELATIONSHIP BUILDING**

This session is for new teachers who want to learn more about building positive relationships with students, parents, and colleagues. The morning will be spent discussing the four personality types (Color Code). The afternoon will be spent discussing how to implement the information from the morning into our practice.
