

Instructional Coach Cadre

Instructional Coaches are “impact multipliers” who transform lives and increase student, teacher, and school success. We want to learn with and support coaches through our **Instructional Coach Cadre**. Join us for five, in-person, learning sessions throughout the 2025-2026 school year.

CADRE MISSION: Engage and empower instructional coaches, so they have continued and significant influence on teaching and learning in their schools.

CADRE VISION: The Instructional Coach Cadre will serve as a tailored opportunity for participants who value continuous learning, development, and improvement. Coaches will share ideas and experiences, examine effective practices, and review resources with the hopes of inspiring change and supporting the professional growth of others.

OBJECTIVES: Participants will...

- positively participate while learning from and with others;
- explore perspectives through collaboration and dialogue;
- develop shared understanding around evidence-based teaching, learning, coaching, and instructional leadership practices;
- openly reflect and consider our impact; and
- refine our skill set and apply learning to our real-life coaching work.

***Participant Details:** Current instructional coaches and CIA colleagues who coach others are invited to participate in the ICC. There is an expectation for all participants to complete pre- and post-session “homework,” knowing learning and collaboration depends upon you fulfilling these tasks.

2025-2026 Dates

All sessions are hosted from 9am - 2pm

GIRARD

October 15, 2025
November 20, 2025
January 14, 2026
February 18, 2026
April 1, 2026

LAWRENCE
