

Thinking About Audits?

Greenbush Medicaid provides...

- ◆ One place for all information about a claim
- ◆ Web-based, easy access
- ◆ A consistent method of tracking information from multiple providers
- ◆ Effective and consistent communication with Kansas Medicaid
- ◆ Alignment of provider codes with provider types
- ◆ The requirement of parent consents and doctor prescription prior to submission
- ◆ Bundling of service time to maximize units billed
- ◆ Limitation of claims submission exceeding maximum daily, weekly, and yearly units
- ◆ HIPAA compliance
- ◆ Administrative oversight through report tools

Greenbush Medicaid does not provide...

- ◆ Alignment with the student IEP/IFSP
- ◆ Analysis of overlapping services
- ◆ Comparison or analysis of provider comments
- ◆ Other compliance requirements that are district specific
 - District policies and procedures
 - District practices regarding timely submission
 - Provider requirements (licensing, education, etc)
 - Any backup information about a particular service (evaluation protocol, provider notes not kept in the system, etc.)
