

YEAR 2 TEACHERS: CLASSROOM INSTRUCTION SERIES

2026-

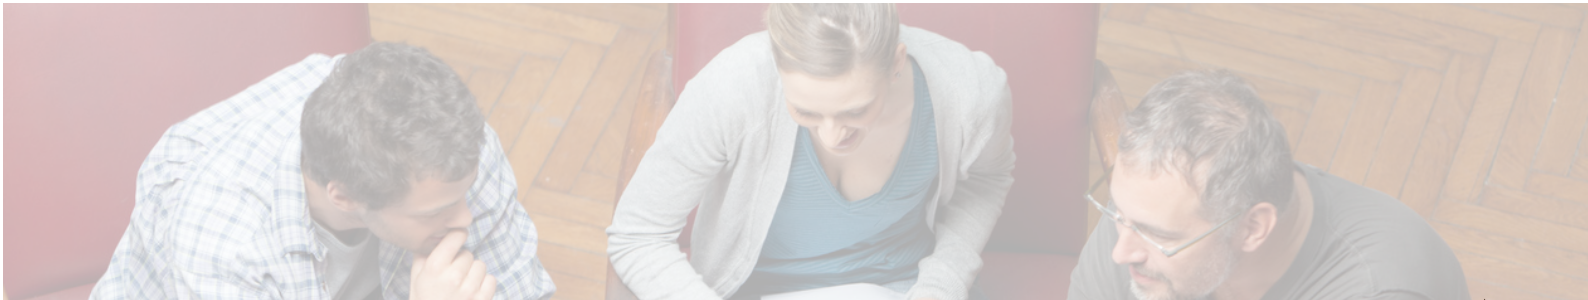

2027

Supporting Educators in Year 2. Practical strategies you can use right away.

Four high-impact sessions designed to strengthen instruction and improve student learning.

- Instructional Foundations
 - Create clear, structured lessons with modeling, chunking, and checks for understanding.
- Engagement & Cognitive Activation
 - Increase participation, deepen thinking, and promote meaningful discussion.
- Differentiation & Responsive Instruction
 - Support diverse learners through scaffolds, flexible grouping, and formative assessment.
- Metacognition, Feedback & Refinement
 - Use feedback, reflection, and self-assessment to improve student outcomes and instructional practice.
